COMMENTS FROM THE TOWN MANAGER'S OFFICE

One small point that I would like to clear up is the corduroy road that was repaired at West Bethel. The term is defined as "constructed of logs laid together transversely, as a road across swampy ground". The section of road that was repaired was at one time a river bed. I suppose it was very swampy so the logs were used to stabilize the base of the road.

I was able to attend the twentieth New England Managers' Institute from Aug. 22 to Aug. 25. The program was very outstanding this year with excellent topics and excellent speakers.

A highlight of the institute was a banquet given for Dr. Dow who has been the Institute Director for the past twenty years. Dr. Dow set up the Public Management Course at the University of Maine. It is the only undergraduate Public Management Course offered by a college or university. Dr. Dow was presented a plaque with the names of the graduates of the Public Management Course. It also contains the names of students of History and Government and Civil Engineering who are in city and town management.

It is always nice to go to the Institute and renew old friendships and make new ones. Some of the managers who attend the Institute travel great distances. Many managers made an extra effort to attend this year's because it is the last active year for Dr. Dow. Although Dr. Dow is retiring from active teaching, I am quite sure that he will remain interested in the affairs and developments of local government.

U. OF M. PRESIDENT SAYS BETHEL BRANCH DESIRABLE

Although the Maine Legislature has not yet been asked to approve the addition of a commuter college at Bethel officials at the University of Maine are hopeful that the approval will be given at the special session of the 102nd Legislature this winter.

Dr. Lloyd Elliott, president of the U. of M., states that an appropriation action will be asked of the Legislature when it sits for a special winter session. He said that presently the legal technicalities are being ironed out by attorneys for Gould Academy—which would be used as a branch college—and the University of Maine.

If the 102nd Legislature gives its approval to the addition of the Bethel campus to the U. of M. complex, according to Dr. Elliott, the campus would be taken over in the fall of 1967.

Dr. Elliott stated that the University expects to operate a two-year branch college, enrolling liberal arts students on a full-time basis, both commuter and boarding. After two years of study at Bethel the students would be able to transfer to either the U. of M. at Portland or Orono.

The University has every expectation that the Legislature will approve the acceptance of the Gould Academy campus as a gift of the Bingham Foundation. This would provide an opportunity for the University to expand its college opportunity for more students.

He added that the addition of between 400 and 500 students at Bethel would take pressure off the University at Portland and Orono.

According to Dr. Elliott, no financial figures have, as yet, been worked out as to the cost of operating the Bethel campus, but to operate the plant as it is now would be far less costly to the people of Maine than any other comparable campus situation which could be provided.

HONOR MRS. HILLIER

Mrs. Helen Hillier was honor guest at a party held at the Eastern Star Hall Wednesday evening. She was presented a gift of money arranged as a fan, a beautiful card painted by Sue Wright and a good luck cake, home-baked, shaped, made by Elizabeth Wright. Mrs. Monique Rolfe showed movies of places she has visited in France. A very pleasant social evening was enjoyed. Refreshments of sandwiches, cake and coffee were served.

The Mena Martha and Elizabeth Cole of Nashua, N. H. were recent guests of Mr. and Mrs. Samuel Timberlake and family.

HIGH SCHOOL BUSES

Bus transportation will be provided this year to Gould Academy and Woodstock High School as follows: Bethel—from all areas, Greenwood—from all areas, Woodstock—from all areas, Woodstock High School—from Bryant Pond via Rt. 232 and the Gore Road to Gould Academy.

Bus transportation to Andover High School will be provided as in the past in Andover.

Where bus transportation is not provided a transportation allowance will be paid to students attending eligible high schools, including Woodstock High School and Gould Academy.

Bus routes and schedules will be announced next week.

1965 TEEN QUEEN CROWNED

The Bethel Area Teen Council's '65 Teen Queen was crowned Saturday, Aug. 21, in the Bingham Gymnasium. Eileen Saunders was led to her throne by President Tom Padner, who also made the presentation of awards. Michele Farrar, the '64 Queen, placed her crown upon her successor's head amid a rousing round of applause.

The runners-up, Jean Robertson, Pam Douglas, Rosemary Stowell and Vickie Brown, each received a stocking certificate and a record album. Eileen received a plaque, lipstick and a wrist watch from the Teen Council, shampoo and hair spray from Bryant's Market, a free pizza from Dunn's Market, two free sandwiches from the Campus Restaurant, a letter holder, stamp dispenser from Bosserman's Pharmacy, a note book from the Citizen Office, and a desk lamp from Brooks Bros. all of which were donations.

The evening also included a party which was held later to celebrate the new Queen's victory and to enjoy some of the "three-layer cake" made by Merton Brown and Rae Bartholomew.

GOULD ANNOUNCES NEW FACULTY MEMBERS

Gould Academy will open the 1965-1966 school year with four changes in its faculty of 30.

Miss Sandra D. Arbour, a native of Augusta and a graduate of the University of Maine, will assume duties as Girls' Physical Education Director, replacing Miss Lucille Brouilard who has changed her field of specialization to guidance.

Miss Arbour is a member of Alpha Chi Omega serving as Vice-President of the University of Maine Chapter, has been Vice-President and Secretary of the Women's Athletic Association, Upperclass President, House Council, and member of the All Maine Field Hockey Team. She earned letters and numerals in intramural sports. Her teaching experience has been in Brewer High School.

Mrs. Lillian R. Conant, who received her degree in home economics from Farmington State Teachers College, will replace Mrs. Frances Munn who resigned to be married. Mrs. Conant has been teaching in the Mechanicsville School System. She is a member of Phi Mu Sigma, and is listed in Who's Who in American Colleges and Universities. As an undergraduate at Farmington, she was president of the Home Economics Club and won the Mary Palmer Award for outstanding achievement in Home Economics. In 1960, she was selected as the State of Maine Soil Conservation Princess.

RICHMOND CAMPMEETING
SEPT. 3-6

The Labor Day Week-end Campmeeting, sponsored by the Maine District, Church of the Nazarene, will be held Friday over Labor Day, Sept. 3-6, at the Richmond Campgrounds.

The Reverend Charles A. Gibson of Bensenville, Illinois, is the engaged evangelist. Dr. Gibson is a preacher of national reputation. His wide experience as a camp speaker and his interest and dynamic presentation of the Gospel has kept him in great demand throughout the years.

Daughter and Norma Jean Meredith of Kansas are full time Gospel Singers since 1948. In addition to their solos and duets, Mark, their teen-age son, assists in special trios and in playing his trumpet.

Services will be Friday and Saturday evenings at 7:30 p. m. There will be three services on Sunday and Monday (Labor Day) at 10:30, 2:30 and 7:00 p. m. The camp grounds are located about three miles north of Richmond on Route 4. Meals are available in the large dining hall. There are plenty of picnic areas on the 70 acres. The public is cordially invited to all the services.

"STATE OF MAINE FACTS"
ISSUED

"State of Maine Facts" has just been issued by the Publications Division of The Courier-Gazette at Rockland.

It is a novel publication in that it is the first time brings together a wealth of information on Maine. One could gather the details within its covers from a hundred sources in the state if they chose. The editors spent six months doing the job and preparing it for presentation.

All sections of the state, recreational areas and industries have been included. There are 25 photographs of Maine scenes, various tables for all communities as well as complete listings of all state and county officials.

The cover art has a Maine flavor which depicts the time honored native expanding his treasure on things in general while seated with his friends around the red hot, hot belled stove in the country store.

The book is destined Maine. It tells the Maine story completely and presents information valuable to the year round resident and the visitor alike. As a reference book on the state it is invaluable as it brings together the covers material not readily available except through extensive research.

State of Maine will be distributed state wide through news agencies and shops the coming week.

Report to MAINE

Senator Z. J. Quinn

The Public Works and Economic Development Act of 1965 has passed Congress and soon will be signed by President Johnson. We in the New England Senators' Conference are enthusiastic about the opportunity the bill holds for our region.

The most promising feature of the legislation provides for establishment of regional action planning commissions. Such a commission in New England can be a major step forward. The purpose will be to stimulate improved public and private efforts to outline and develop all our human, natural and economic resources.

The New England Senators' Conference plans to be the first regional group to press for such a commission. When the President signs the bill, we will immediately ask Commerce Secretary John F. Kennedy to designate the six New England states as an economic development region. This is the first step toward creation of a commission. We will also pursue each additional step toward the establishment of such a commission.

The commission will develop programs for economic development. These programs will be presented to the Governors of the six New England states for their approval and action.

FIRST CHANGES IN
MAINE WAGE LAW
EFFECTIVE SEPT. 3

Amendments enacted by the 102nd Maine Legislature to the Maine minimum wage law do not all become effective at the same time, according to information from the Dept. of Labor and Industry in Augusta.

The first changes take effect on September 3, 1965, and these are:

1. The provision that employers with less than four employees are not required to pay the minimum wage remains unchanged, but all persons working in an establishment, including those who are exempt from the law, will be counted to determine whether or not there are four or more persons employed. Previously, some workers were not counted, such as executives, professionals, taxicab drivers and car hops.

2. Processors of fish and fish products will be subject to the law except for first processing at sea.

3. The exemption for students under 19 years of age will not include such students if they replace regular employees. This means that any student placed in a job previously held by an adult must be paid the minimum wage if the employment is subject to the law. Students under 19 employed in children's camps will still be exempt as heretofore.

4. Employers must preserve for at least three years their records of hours and wages for workers subject to the law.

5. Employers must furnish to employees covered by the law, with each payment of wages, a statement clearly showing the hours, total earnings and itemized deductions.

6. The employer's liability for all unpaid minimum wages is clearly established.

7. A provision is added for injunction proceedings in the Superior Court to enforce further violations of the law, to be instituted by the Attorney General.

The increase in the rate from \$1.00 to \$1.15 an hour becomes effective on October 15, 1965, as does the requirement for payment of 1 1/2 times the regular hourly rate for work over 48 hours in any one week. The rate will be further increased to \$1.25 an hour on October 15, 1966.

Extension of coverage to nursing homes and hospitals becomes effective on October 15, 1965, but the rate for them will be \$1.00 an hour until October 15, 1966, when it will be \$1.15. It will go up to \$1.25 on October 15, 1967.

The overtime provisions will not apply to nursing homes and

hospitals, nor to processing or canning of sardines or other perishable foods. It will, however, apply to logging operations and to motor carriers, which have been exempt or partially exempt from payment of overtime under the Federal laws.

On and after May 1, 1966, members of municipal fire fighting departments, other than volunteer or call-departments, will be subject to the minimum wage of \$1.15 an hour.

The Week in Oxford County

The officers and committee chairman for the 1965 Community Hospital Fair will hold their first official meeting on August 26 at 2 p. m. at the home of Mrs. Robert Lehart, 323 Somerset St., Rumford.

Larry Covert, Bethel, Comsat manager at the Earth Station, Andover, spoke to 50 members and guests at the Rumford Rotary Club meeting Monday noon. Mr. Covert stated that Comsat leased the earth station in Andover from A. T. and T. Jan. 1. In his speech he stated that the new corporation was formed in February of 1963 with 15 directors. Three appointed by the president, six from various utilities and six from the stockholders. Two hundred million dollars in stock was first offered for sale at \$20 a share. The stock is now selling for about \$30 a share and A. T. and T. holds 58 per cent of it. He said he looks for expansion at Andover and that it will operate at Andover for at least five years and maybe more. Work for 50 telephone company men and five Comsat men goes on 10 hours a day seven days a week at Andover.

Members from the 4-H Club of Oxford County left Friday by bus for a 10-day trip to Lockford, Winnebago County, Illinois, where they will be guests of the 4-H boys and girls of that county. These club members have earned over \$1,000 to meet the expenses of the trip. Chaperones accompanying them are Russell E. Clark, Oxford County 4-H Club Agent; J. Carlton Conant, Canton; Mrs. Marie Revard, South Paris; Mrs. Betty Tucker, Buckfield; all 4-H club leaders of Oxford County.

The children and families honored their parents, Mr. and Mrs. Philip Quirion, Arlington St., Mexico, with a celebration of their 50th wedding anniversary Saturday. An anniversary mass was held at St. Theresa Church at 10 a. m. Rev. Fr. Richard Arsenault, a grandson, was celebrant. Dinner was served at Rumford Hotel. Later a social afternoon was enjoyed at the couple's home. They have resided in Mexico for 40 years. Mr. Quirion retired from the Oxford Paper Co. in 1955.

CHILDREN UNDER 16 NOT TO WORK ON FARMS DURING SCHOOL HOURS.

New England farmers are reminded that, according to Federal law, children under 16 years of age may work on farms only outside school hours.

This word comes from Stanley G. Wollaston, New England Regional Director of the U. S. Labor Department's Wage-Hour and Public Contracts Divisions. He said the U. S. Fair Labor Standards Act prohibits minors under 16 from working in agriculture during school hours prescribed by the school district where they live while working. This applies to children of migratory workers as well as local children.

"The place for children is in school, not in the field," Wollaston stated. "Today's children will grow up in a world which demands more education and better skills. Schooling now will open the door to opportunity in the future."

Wollaston pointed out that the 16-year age minimum does not apply to children who work on the home farm for their parents or guardians. He also said the Act places no restrictions on farm work by minors 16 years old or over.

Compliance with the Federal Fair Labor Standards Act does not excuse non-compliance with State or local laws.

All questions about the Fair Labor Standards Act will be answered at the Portland Wage and Hour Office, 204 Federal Building, 75 Pearl Street.

CARD OF THANKS

Words cannot express our thanks and gratitude to our many friends, relatives and neighbors for floral tributes, spoken and written words of love and sympathy and many kindnesses shown us in our recent loss of our son and brother. We especially want to thank Rev. Carl Kingsbury for his most comforting words and the Greenleaf Funeral Home, Bethel.

LEAVE WORD BEFORE WILDERNESS TRIP

Maine Fish and Game Commissioner Ronald T. Speers urges all sportsmen and vacationers planning trips into wilderness areas of the state to leave word as to their whereabouts.

"By telling someone where you are headed and when you expect to return," Speers says, "you assure rapid aid in an emergency and can possibly eliminate the need for an unnecessary search party."

The Commissioner's remarks were prompted by several recent cases of individuals or parties entering the woods without leaving adequate word. Costly, time-consuming searches by wardens and volunteers, sometimes aided by Warden Service planes, were called for when friends or relatives became worried about the well-being of the missing persons.

In some cases, a search effort was totally unnecessary, as the missing parties were not even lost; they had simply neglected to tell anyone where they were going and when they planned to return.

"In the case of an actual emergency," the Commissioner points out, "if our wardens had an idea where you were headed, the whole search procedure would be much more simple and faster."

RACCOONS MAKE
POOR PETS

Raccoons, the masked bandits of the woodlands, are often considered good animals for pets, but the Maine Fish and Game Dept. feels otherwise.

According to Stephen E. Powell, assistant Game Div. chief, persons finding and adopting baby raccoons are just asking for trouble. The animals can become vicious, and they are likely to inflict painful, dangerous scratches and bites.

Powell says that raccoons are susceptible to both cat and dog distemper, and in areas where rabies exists, raccoons are commonly afflicted.

Persons willing to risk raising a raccoon as a pet are required by law to secure a \$10 game breeder's license, issued at the discretion of the Commissioner of the Maine Dept. of Inland Fisheries and Game.

PRODUCTS OF MAINE AGRICULTURE TO BE FEATURED AT SHOW

The State Department of Agriculture's 30-foot display at the 5th Annual Maine Products Show in Bangor, August 24-27, will feature special packs of fresh and processed Maine potatoes, poultry and apples, says William P. Charron, an assistant director of the department's Division of Markets.

A modern supermarket-type frozen food case filled with Maine Grade A fresh frozen packaged roasters, broilers, tray packs, cut-ups, also various new poultry products developed especially for the housewife and for institutional and volume feeders, will be a part of the display.
